Feed the Need in Durham is the only food hub in the region. We supply food to 63 member agencies who are emergency food providers. Collectively, our Feed the Need in Durham network distributed 1.2 million pounds of food to those who need it most in Durham, serving 14,447 individuals, who made 63,740 visits to food banks. In addition, we collectively provided 240,000 meals and 150,000 snacks through food and nutrition programs. Clearly, the need for our work persists, and the demand for food has never been greater.
